SUCCEEDS CHAUNCEY DEPEW

Most Protracted Struggle Ever Held
In the Empire State Brought to a
Close by the Selection of Tammany
Hall Man—Wild Applause Follows
Result and Legislature Adjourns Un-
til April 17.Albany, N. Y., April 1.—Supreme
Court Justice Aloysius O'Gorman,
Democrat, of New York city, was elect-
ed United States senator by the legis-
lature after the most protracted strug-
gle over this position ever held in the
Empire state. On the final ballot, the
sixty-fourth, he received 112 votes to
80 cast for Chauncey M. Depew,
whose term expired March 4.The result was in doubt almost to
the minute of recording the votes,
owing to the uncertainty as to how
many of the Democratic insurgents,
who for over two months had prevent-
ed an election because of their opposi-
tion to William F. Sheehan, would en-
ter the second caucus, which had been
adjourned from day to day since Mon-
day.At the close of a day of almost con-
tinuous negotiations the insurgents
capitulated and Justice O'Gorman was
elected. A few minutes before the bal-
lot was cast Justice O'Gorman's resig-
nation from the bench was filed at the
office of the secretary of state as a
constitutional provision would have
prohibited his election while holding
the office of justice of the supreme
court.

Dix Expresses Gratification.

Wild applause marked the end of
the long contest and the legislature,
driven from the state capitol by
Wednesday's fire, quickly adopted a
resolution adjourning until April 17.
Governor Dix expressed gratification
at the result.Charles F. Murphy, leader of Tam-
many Hall, who for weeks has been
striving to bring about the election of
Mr. Sheehan, expressed himself as
highly pleased at the outcome.
James A. O'Gorman has long been
one of the most prominent members
of Tammany Hall. He has been one
of its foremost orators for thirty
years, having established his reputa-
tion as a public speaker in his in-
terests when, at the age of twenty-one,
his eloquence was credited with hav-
ing saved a doubtful assembly dis-
trict.Mr. O'Gorman was born on the low-
er West Side of New York city May
5, 1860. After finishing a course in
the public schools Mr. O'Gorman, as
a lad of seventeen, entered the Col-
lege of the City of New York and
later attended the University of New
York law school, was graduated and
entered at the bar in 1882.

New Senator Tammany Man.

From the time he cast his first vote
he aligned himself with Tammany
Hall, which favored him generously.
In 1893 he was elected a justice of the
municipal court and in 1899 was elect-
ed a justice of the supreme court for
a term of fourteen years from Jan. 1,
1900. His salary has been \$17,500, or
almost three times what he will re-
ceive as United States senator. He
had almost three years to serve,
while as senator he has six years.The new senator from New York
will support all the progressive poli-
cies of the Democratic party and will
join hands with President Taft in
urging reciprocity with Canada and
the fortification of the Panama canal.
Mr. O'Gorman sketched an outline
of his policies, in substance as fol-
lows:He stands for immediate downward
revision of the tariff; reciprocity with
Canada; the parcels post; fortifica-
tion of the Panama canal; direct elec-
tion of United States senators, and
the federal income tax. He favors
rigid economy in government expendi-
tures, and is opposed to "all special
privileges and private monopoly; to
the new nationalism and to the cen-
tralizing tendencies of the Republican
party."

EASY MONEY FOR WOLGAST

La Grave's Seconds Give Up in the
Fifth Round.San Francisco, April 1.—Light-
weight Champion Ad Wolgast made
short work of Antonio La Grave, a
rather obscure fighter. Wolgast bat-
ted his opponent about the ring, land-
ing whenever and wherever he chose.
La Grave's seconds threw up the
sponge after but two minutes' fighting
in the fifth round, as it was plainly
apparent that La Grave would not last
the round out.The fight was too one-sided to be
interesting. Wolgast took command
of affairs at the very outset, and the
"Butcher" was never given an oppor-
tunity to rest or land a re-
turn blow.

ST. PAUL MAN TRANSFERRED

Norman Perkins Becomes Superintend-
ent of Washington Division, With
Headquarters at Seattle—Hitchcock
Personally Inquires Into Railway
Mail Service and Decides Upon Most
Sweeping Changes Ever Made.Washington, April 1.—Drastic ac-
tion was taken by Postmaster General
Hitchcock in effecting a reorganization
of the railway mail service. A round
dozen of changes of the most impor-
tant officers in the service were made
by Mr. Hitchcock as a result of long
and careful investigation and thorough
consideration.Theodore Ingalls of Kentucky, su-
perintendent of the division of rural
mails, was appointed general superin-
tendent of the railway mail service at
\$4,000 a year, in succession to Alexan-
der Grant, who was transferred to St.
Paul, Minn., as a division superintend-
ent, a demotion to \$3,000 a year.Norman Perkins, division superin-
tendent at St. Paul, becomes superin-
tendent of the Washington division
with headquarters at Seattle, succeed-
ing Charles W. Vickery, who is ap-
pointed chief clerk of the Cincinnati
division, vice A. J. Ball, reduced to
railway postal clerk.

Atlanta Official Removed.

Clyde M. Reed, division superintend-
ent at Cleveland, was appointed super-
intendent of the Cincinnati division, to
succeed Charles Rager, who was de-
moted and appointed chief clerk of the
Atlanta division, in place of John F.
Blodgett, removed.John C. Koons, postoffice inspector
in the Washington division, was ap-
pointed railway mail superintendent in
charge of the Cleveland division.George G. Thomson, formerly superin-
tendent division of supplies, postof-
fice department, and now inspector in
charge at Austin, Tex., was appointed
superintendent of the division of rural
mails, in succession to Mr. Ingalls.Charles B. Anderson, inspector in
charge at St. Louis, will succeed Mr.
Thomson as inspector in charge at
Austin, and Inspector George Daniel
of the New York division was appoint-
ed inspector in charge at St. Louis.The affairs of the railway mail ser-
vice were overhauled thoroughly by
Mr. Hitchcock personally and the outcome
is the most sweeping change ever
made in the history of the railway
mail service.

Changes Absolutely Necessary.

While signing the necessary orders
for the changes Mr. Hitchcock said:"The investigations which we con-
ducted so long and so carefully indi-
cated clearly that the election which
I have taken was absolutely neces-
sary. The railway mail service has
suffered greatly from poor manage-
ment and lack of supervision. In cer-
tain of the divisions it was found that
the chief clerks had not been inspect-
ing their lines as was their duty.
Some of the routes had received no
inspection for several years. It was
found also that in many instances
these officers were giving little or no
attention to the sanitary conditions of
the railway mail cars, thus disregard-
ing the health and comfort of the
employees under them. The inquiry
showed that the business methods of
the service in several offices were
antiquated, and that, as a conse-
quence, there was much duplication of
work."

Heart trouble, from which it is feared
he may not recover, has attacked Den-
man Thompson, the actor. Mr. Thomp-
son, who is seventy-eight years old,
has been in failing health for some
time.The family physician believes his
condition warranted calling the mem-
bers of his family to the bedside.

Otto Ringling Dead.

New York, April 1.—Otto Ringling,
of circus fame, died here at the home
of his brother John as the big show,
of which he was joint owner with his
four brothers, was giving its evening
performance at Madison Square Gar-
den. He was fifty-one years old.
Death was due to uraemic poisoning.
He will be buried Sunday afternoon at
Baraboo, Wis., his birthplace.

Canadian Miners Strike.

Winnipeg, Man., April 1.—The strike
of miners working in all the large coal
mines of Southern Alberta and Eastern
British Columbia, the sources of
supply for the prairies of Western
Canada, has begun, involving the idleness
of 10,000 men and a shortage of
soft coal to all centers in Western
Canada.

IMPORTANT LINE OF WORK

Interstate and Foreign Commerce
Committee Busy.Washington, April 1.—Always one of
the busiest committees of the house
and the most important, excepting the
ways and means when the tariff is to
be revised, the house committee on
interstate and foreign commerce is
preparing for an unusually important
line of work in the next congress. This
work will be started during the special
session, but the main portion of it will
be done at the regular session next
winter.The new chairman of the committee
will be Judge Adamson of Georgia, its
ranking member, a state's rights Demo-
crat of the old school.Two questions have already been
considered by the committee—that re-
lating to the physical valuation of rail-
road property as a means of determin-
ing the question of rates and that re-
lating to federal control over the
stock and bond issues of railroads.
Both of them will come up in the next
congress and it is predicted that the
house will act as to both. These bills,
it is believed, can be put through the
senate, where the progressive Republi-
cans hold the balance of power.MAJORITY FAVORS
CUSTING WHITTIERLegislative Committee Divided on
Training School Report.St. Paul, April 1.—After having held
two formal meetings and discussing
the evidence introduced the joint leg-
islative committee appointed to probe
the conduct of affairs at the state
training school for boys at Red Wing
has failed to reach a decision. With
the vote standing 4 to 2 on the ques-
tion of discharging Superintendent
Whittier and at least three of his
subordinates there remains to be de-
termined the most mooted problem of
the entire probe. This may be settled
at the next committee meeting. It
may not be settled for weeks.The committee, in preparing its re-
port, reviews at some length its de-
ductions from the evidence. Then it
sets forth its recommendations, which
will be transmitted to the house and
senate and in turn to the state board
of control. The points so far agreed
upon follow:First—Abolishment of the "whip-
pling machine" and the wet towel.Second—Abolishment of punishment
for boys over seventeen years of age.Third—Immediate transfer to the
reformatory at St. Cloud of all boys
who are found guilty of infraction of
rules sufficient to warrant their trans-
fer.Fourth—Prescription by the state
board of control of a set of rules under
which, and only under which, boys
may receive corporal punishment.Fifth—Perfection of a more satis-
factory system whereby the officers of
the school will be brought in closer
relationship with the boys and the boys
with the officers.The committee is not ready to rec-
ommend the absolute abolition of all
corporal punishment, because its mem-
bers believe humane whippings for
some inmates of the school almost a
necessity.

FRICTION OVER COMMITTEES

Objection to Fitzgerald and Other
Cannon Supporters Getting Best
Chairmanships—The New Speaker
Refuses to Use an Auto—Army of
Democrats Looking For Jobs and
Army of Republicans Losing Them.

By ARTHUR W. DUNN.

Washington, April 1.—[Special.]—
April 1 did not scare the Democrats,
and they went ahead and held their
caucus on that day despite fun poked
at them by members of the minority
party. "Minority party" applied to the
Republicans sounds strange, for it is
the first time in sixteen years that
such has been the case. And Champ
Clark is the real nominee for speaker,
a nomination which means something.
The nominations by the Democrats
heretofore have been rather empty
honors, carrying minority leadership,
to be sure, but that is not a great
plum in the house, nothing like the
speakership, even though the speaker
has now been shorn of much power.

Not All Harmony.

The selection of Champ Clark for
speaker was the most harmonious fea-
ture of the Democratic caucus. There
is a deal of dissatisfaction about the
makeup of the committees more than
would have been the case if the se-
lections had been made by the speak-
er. The progressive or radical Demo-
crats do not like to see a dozen mem-
bers who voted to save Cannon two
years ago given good committee as-
signments, several of them important
chairmanships. Then the idea of fol-
lowing seniority, indorsing the selec-
tions made by Cannon during the last
eight years, is also galling to those who
would like to see changes which would
show real Democratic independence
and advancement. There is severe
criticism because Fitzgerald has been
made chairman of appropriations. Two
years ago, outside of the twenty-
three who followed him, there was
scarcely a Democrat in the house who
would speak to him. That was when
he had led away the twenty-three
from Champ Clark's leadership and
saved Cannon. Moon of Tennessee is
one of the twenty-three whose good
chairmanship is not relished by the
faithful party men. Adamson of
Georgia has always stood by the party,
but the radical Democrats do not
think he ought to be at the head of
the committee on interstate and for-
eign commerce, which deals with so
many subjects of importance. The
Georgia man is a conservative, and
most of the Democrats are progres-
sive.

Trouble Over an Auto.

It is the experience of every person
who has ever owned an automobile
that they have trouble running it. The
house of representatives is having trou-
ble over an auto because no one runs
it. Congress generously provided au-
tomobiles for the vice president and
the speaker. Sherman and Cannon op-
erated the machines, but since the 4th
of March there has been no speaker,
and the house machine stands idle.
Champ Clark will not use it, and so it
is on the hands of the house, with no
one to say what shall be done with it.
The new speaker would rather have a
span of mules than an automobile. It
costs something like \$250 a month to
keep the machine going. Champ isn't
going to spend that for running about
in an automobile even if the govern-
ment does supply the machine.

Army of Unemployed.

There has been an "army of unem-
ployed" in Washington for several
days. They belong to that large and
increasing number of Democrats who
want to get jobs in the new Demo-
cratic house. After the rolls are made up
they will probably melt away. And in
the meantime a new "army of unem-
ployed" will be created. It will con-
sist of the Republicans who have been
holding down the house jobs for many
years.

Not For Mrs. Sutherland.

No "back to the farm" for Mrs. Suther-
land, wife of Senator Sutherland of
Utah. Professor Willis Moore, chief of
the weather bureau, was one evening
telling how he enjoyed his farm life
during the summer, and Senator Suther-
land remarked that such a life was
just what would suit him. "Well, you
will go farming without me," remark-
ed Mrs. Sutherland, and, turning to
the group of friends, she said: "I spent
my early days on the farm and know
all about it. Senator Sutherland was
never on a farm in his life, and that is
why it appeals to him. I never heard
of any one who really had to farm,
not for the fun of it, but right down
farming, who would ever want to re-
turn to the farm when they had once
escaped."

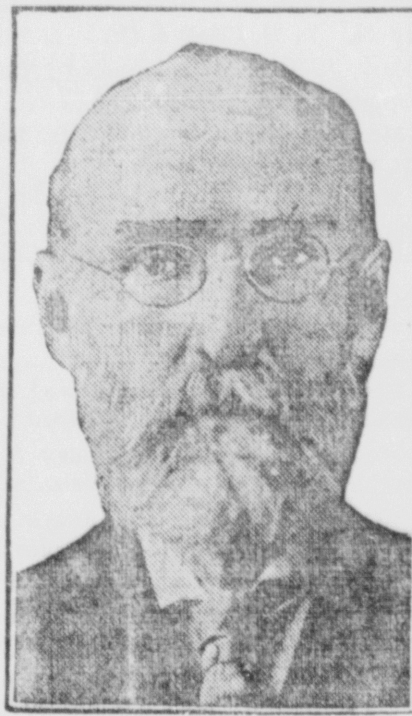

Not a Serious Matter.

During the closing days of congress
Congressman Hughes of New Jersey
held up an appropriation for the naval
militia. Different members expostu-
lated with him, but without avail.
"No one need be frightened," said
Hughes, "if this appropriation is not
made. Nothing more important than
the pinocchio championship will be de-
cided when these men go into action
next summer."

CHARLES R. VAN HISE.

Retiring Regent Criticises the
Wisconsin University President.

RESIGNS AS BADGER REGENT

Former Governor Hoard Alleges Pol-
itics in University.Madison, Wis., April 1.—Tx-Governor
W. D. Hoard has sent to Governor
McGovern his resignation as a mem-
ber of the board of regents of the
state university. Before going South
early in the winter Mr. Hoard resigned
as president of the board. A little
later Regent Magnus Swenson, who
succeeded him as president, resigned
from the board and it was said at the
time that Governor Hoard would soon
do likewise. It has been well un-
derstood here that both men were not
in sympathy with what looked to them
as a policy on the part of President
Van Hise, some members of the fac-
ulty and some members of the board
to conduct the university on political
lines. That this view was true is
borne out by the letter of resignation
of ex-Governor Hoard, which is as fol-
lows:"I hereby tender my resignation
from the board of university regents
to take effect at once. Failing health
and an unwillingness to longer remain
as a member on a body that has lately
been reconstructed upon the basis and
for the main purpose of political par-
tisanism for the La Follette faction
in politics are my chief reasons for
resigning."HEAVY SHORTAGE IN
BUTTE'S FINANCESMay Amount to Hundreds of
Thousands of Dollars.Butte, Mont., April 1.—Further in-
vestigation into the affairs of the city
reveals a shortage which in the opin-
ion of many familiar with the affairs
of the city may amount to hundreds
of thousands of dollars.According to the audit former City
Treasurer Goodwin is short about \$20,
000. Other accounts are so befuddled
with records missing, books gone and
pay receipt stubs lost, that the sums
short concealed by haphazard book-
keeping has made it impossible to ac-
curately trace the sums received or
disbursed. Thirty-four poll tax books
representing 3,400 poll taxes of \$2 are
missing.Former Treasurer Goodwin says
this would represent a shortage of
\$12,140.16, but it is possible, say the
auditors, that some of the tax books
may be found.About \$7,000 of tax money turned
into Treasurer Goodwin is not found
recorded in the city's books, accord-
ing to the auditors. A deficiency of
nearly \$2,000 is found in Goodwin's
personal tax collection.The chiefs of police of Butte have
kept all the fines collected from gam-
bling houses and slot machines from
May, 1909, to Nov. 30, 1910, it would
appear from records. The auditors
state that they found no account of
any fines being turned over to the
city. According to the audit it ap-
pears that about \$40,000 has been de-
verted by Butte police officials during
the last ten years.

Forty Others Injured and Town in Ala-
bama Wiped Out.Mobile, Ala., April 1.—A death list
of six and forty injured sums up the
result of a tornado that wiped out
the town of Gainesville, Monroe coun-
ty. More than 100 buildings were torn
down and trees and crops were up-
rooted by the furious winds that cut
a swath 200 feet wide across the coun-
try. The victims were killed in col-
lapsing houses.

there have been nine of them—Wash-

CASUALTIES NOT VERY HEAVY

After Two Days of Stubborn Fighting

It Develops That Not More Than
One Hundred Men Were Killed on
Both Sides Near Ures and San Ra-
fael—Early Reports of Losses Great-
ly Exaggerated.El Paso, Tex., April 1.—The blood-
iest and most important battle of the
Mexican insurrection thus far in the
state of Sonora is ended after two
days of stubborn fighting which began
near the towns of Ures and San Ra-
fael.Although the insurgents outnum-
bered the federal forces their am-
munition became exhausted in the
continued engagement, while the fed-
erals were able to obtain reinforce-
ments and additional ammunition
from Hermosillo, and the insurgents
were compelled to abandon the fight.
Although the loss on both sides was
heavy reports of the killed and wound-
ed it is now known that not more than
100 were killed on both sides.Reports that the federals had gained
a decisive victory in the first day's
fighting, which were issued by Mexi-
can authorities, have been denied by
federal advisers from Hermosillo. The
federal wounded have been brought to
Hermosillo.The movements of the insurrecto
forces after the battle are unknown.
A rumor that they had captured the
town of San Benito has been officially
denied by Governor Cubillas at Her-
mosillo, who says that there was no
fighting in the town of Ures, although
the engagement took place near there.
The report that Hermosillo is threat-
ened by an insurrecto force also is
unconfirmed.Persistent rumors still are current
that Juarez will be attacked soon, al-
though there is little to substantiate
them. Numerous bands of insurrectos
have crossed the border near El Paso
from the American side.

REBELS ROUT FEDERAL FORCE

Reported Band of 150 Was Defeated
Near Arizona Boundary.Tucson, Ariz., April 1.—A force of
150 federals, recently sent out from
Caborca, Sonora, was routed by a band
of rebels near the Cervantes ranch, in
the Altar district, according to reports
received here.The rebel band is believed to be the
one which some time ago committed
depredations on the Arizona side of
the line. Indians who saw the battle
report the loss to have been two fed-
erals killed and one rebel wounded.The rebels are expected to move on
Caborca, which is now being fortified.

DEATH LIST REACHES 144

Unidentified Victims in New York
Fire Down to Fourteen.New York, April 1.—The death of
Sarah Kupla, a sixteen-year-old girl
who jumped from the eighth floor of
the Asch building during Saturday's
fire horror, brought the list of vic-
tims to a total of 144.The identification of another girl's
body by a strange arrangement of but-
tons on her shoe brought the list of
unnamed down to fourteen. There
seems little chance of further identifi-
cation and the charities board has
made arrangements to bury them in
the cemetery of Evergreens in a plot
owned by the city.Contributions to the relief fund to-

Chicago Official Orders Ninety-three
Arrests for Violating Code.Chicago, April 1.—Ninety-three ar-
rests for violations of the building or-
dinances were ordered by Building
Commissioner Murdoch Campbell as a
result of investigations due to the fa-
tal fire in New York city March 25.
The suits are the forerunners of a
much larger number to be filed within
a week.The violations in most cases are for
obstructing entrances to fire escapes.
The buildings in which the violations
were found range from expensive
apartment buildings to crowded fac-
tories, and include two hospitals.

SCIENTIFIC MYSTERIES.

The Problems of Mind, Life, Gravita-
tion and Electricity.

A most remarkable state, condition
or point in nature, the absolute zero
of temperature, has been reached to
within three degrees. This is con-
sidered to be a great scientific achieve-
ment. Hydrogen gas was solidified
into pure white ice, and this was em-
ployed in the process of cooling hel-
ium, and all works of the hand of
man were surpassed. The tempera-
ture sank lower and lower until a point
only three degrees from absolute was
reached, but the obdurate helium did
not even liquefy.

The imagination, however vivid, can-
not encompass what this intense cold
implies. It may be the death of the
activity of matter—that is, a state of
rest so far as chemical reaction is con-
cerned. Thus if the true zero of na-
ture can be reached it may obtain that
matter will put on new aspects and
hitherto unknown properties, or it may
expire, become chemically inert, total-
ly devoid of heat and lifeless.

Still even then the standing mystery
ever confronting man, always await-
ing explanation, gravitation, will act.
Nothing known can affect the un-
iversal attraction, forever directly as to
mass, whether hot or cold.

However, the three degrees may
never be overcome, or, indeed, they
may, for it is now thought that science
has no limits, the scientific mind being
capable of solving all problems—so
saith some mentalists.

The capital problem is first to dis-
cover what mind is, then life, next
gravitation, next electricity, and reach
a climax in finding how it is that gase-
ous masses glow and issue light when
existing in frigid voids at absolute

There is no solution in sight for any
of these perplexing problems and har-
assing. No progress whatever has been
made in finding what mind is, the rea-
son being doubtless that mind is un-
able to think of itself. On trial it will
be soon discovered that one is unable
to set up a train of reasoning regard-
ing his own or another's mind. "His
own" implies an owner, but no fact as
to who this owner is has ever been
discovered. Humans are not perfect.

Quicksands.

Quicksands have a horrible fascina-
tion for writers and readers of fiction,
and the reality is every bit as bad as
fancy paints it. One of the most re-
markable quicksand accidents occur-
red years ago in New Zealand. Two
prospectors were wading across the
mouth of a small stream running into
the sea in the north island of New
Zealand. Both stepped into the quick-
sand. One who merely touched the
edge of it got loose. The other sank
rapidly and, in spite of his compan-
ion's efforts, was sucked under. When
an attempt was made to recover the
body it was found that the sand was
enormously rich in gold. From a sin-
gle ton of it £300 worth of gold was
washed.—Pearson's.

Planned For His Exit.

An air of assurance distinguished the
jaunty young man who had appeared
in answer to an advertisement for a
clerk, but his manner did not com-
mend him to the leather merchant.
"Is there a good opening here for a
young man who keeps his wits about
him and doesn't care to begin at the
bottom of the ladder?" asked the ap-
plicant before the merchant had an
opportunity to speak.
"Yes," he replied, after a compre-
hensive survey of his jaunty visitor,
"there is. A thoughtful carpenter,
foreseeing the appearance of just such
young men, provided a good opening in
the middle of that left hand wall.
Kindly make use of it."

FRANK EDDY SPEAKS MONDAY EVENING

Former Congressman Has Been Engaged for an Address at the Brainerd Opera House

POLITICAL POLICIES OUTLINED

Mr. Eddy's Well Known Ability Should Pack the Opera House From Pit to Dome

The republican city committee have secured an attraction for the people of Brainerd to wind up the campaign and on Monday evening Frank M. Eddy, former congressman from the Ninth district will deliver an address at the Brainerd opera house and it goes without saying that seats will be eagerly sought as Mr. Eddy's ability as a speaker has preceded him. He is considered today as one of the best informed men on affairs affecting Minnesota and the northwest and the committee was exceedingly fortunate in being able to secure him for this occasion. He will discuss local matters and will give the public his opinions on democracy and socialism. His address will not be confined to politics alone but will cover the broad scope of affairs most interesting to the American people and will be dished out to his hearers in the only Frank Eddy style. Mr. Eddy has been spending the winter in St. Paul in attendance at the legislature as special correspondent for a syndicate of newspapers and is well informed as to what the state law makers have been and have not been doing. He will be able to give his Brainerd hearers a few pointers on the men who have withheld reappointment from the people of Minnesota, a topic that this section of the state is so much interested in, and his entire address will be along progressive lines. The interest that is being taken in the municipal campaign will be added to by Mr. Eddy's address and many people will be glad of this opportunity to hear local affairs discussed. The meeting will commence at 8:15 and it should be remembered that admission to the opera house is free and everybody is invited.

GEORGE ABBOTT PASSES AWAY

Well Known Brainerd Business Man Dies at Local Hospital at Noon of Pneumonia

George Abbott, the well known confectioneer of Laurel street, passed away at a local hospital at noon today from an attack of pneumonia. He had been confined about a week in the Elks room at St. Joseph's hospital and although everything possible was done for him he failed rapidly.

The funeral will be in charge of the Odd Fellows, of which order he had been a member for many years, having taken all degrees in all its branches. He was also a member of the Modern Woodmen, the Elks and the Red Men. He was assistant clerk for many years of the Woodmen camp. The funeral services will be held on Wednesday afternoon at half past two o'clock at the residence, 1001 Oak street, the Rev. Charles Fox Davis officiating.

The sympathy of their many friends is extended the widow and family in their deep distress.

Notice to Odd Fellows

All members are requested to meet at the hall on Wednesday afternoon, April 5th, at 1:30 o'clock to attend the funeral of the late Brother Geo. Abbott.

SOCIALISTS JOLTED IN MILWAUKEE

Socialists Nominate But 2 out of 14 Candidates for School Directors

CITY'S DEBT LIMIT EXCEEDED

Administration Criticized for Side Tracking Sewage Plan—Many Unemployed in City

A special to the Superior Telegram under date of Milwaukee, Wis., March 25th, states:

The past week was an interesting one in socialist circles. The taxpayers' meetings and the primary election of Tuesday, for school directors, have given the socialists some real jolts, and they have been busy explaining. Victor Berger lays the fact that the socialists succeeded in nominating but two of their candidates for school directors, among the fourteen selected, to the Catholic vote. It is pointed out in refutation in this charge that at least four of the nominees are Masons and one is a Jew.

In other quarters the socialist reverse is laid to the recent agitation against the city administration's extravagant plans for expending the taxpayers' money. Public discussion has already developed the fact that the debt limit of the city has been exceeded. Severe criticisms have been visited upon the administration for "side tracking" a costly plan of sewage disposal, until they had adopted socialistic plans for buying a million dollar park and building a lighting plant, and an electric railway terminal, at a further cost of \$800,000. Former health commissioner, Dr. Bading, on last Monday night, at St. James' church, charged this openly, and said that the city's drinking water is contaminated by sewage. He jeered the professions of the socialists that they are the protectors of the working class when they neglect a matter so vital to the health of those who have to drink the unfiltered lake water.

Along with these troubles is the cry of the unemployed, and the city officials and the Trades Union leaders have reluctantly been compelled to admit their helplessness in this matter and seek assistance from the "capitalistic class" which is generally their bugaboo. The Merchants' and Manufacturers' association is now co-operating with them as to means for relief and for the increase of employment.

THE MILWAUKEE SITUATION

Editor Dispatch:—

The many papers circulated about Brainerd of late by the socialist party are profuse with references to the political situation in Milwaukee, the city in which the socialists were recently voted into power. It is but natural that this party should make the most of this situation, but it is also important to inform the distant readers that Milwaukee is not flooded by staunch supporters of the socialist party as one is apt to believe from reading these papers. The socialist party did not win because they outnumbered the republican or the democratic party, but socialists were elected by members of all these parties.

For about ten years Milwaukee was dominated by the democrats because the republicans, previously almost continuously in power, had failed to make a noisy and an open city. Under the democratic administration politics gradually became more and more corrupt and accordingly a third party, known as the social-democratic party, sprang into existence. Failure to dislodge the democrats from power forced many of the republicans through disgust to vote the third party ticket, little apprehending the wolf in the sheepskin attire. The third party gained votes from year to year until they finally were voted into power.

Little did the voters realize that the third party for which they voted was nursing the socialists as we know them today, but now that their city is being widely advertised because of the socialists' succession to power the voters have come to recognize their folly. Their sympathies had been preyed upon at a timely occasion, and dissatisfied as they were with corrupted politics, it was easy to enlist these votes.

It is not true that all the laborers seek their salvation with the party now in power, no, not even a majority of them. Milwaukee is noted because so many of its laboring men own their own homes, and the burden of heavy taxes forced upon these people because of the unqualified broad platform of municipal ownership of everything, for which the socialist party stands, is making the voter long for the earliest opportunity to correct his previous misceast vote.

These are actually existing conditions and observed facts and not the writer's fancy. These are things that can not be denied, and were one to investigate deeper, one would soon be impressed with the fact that after eliminating two or three leaders the Milwaukee socialist party would be left like a dismantled sail boat in a storm. The socialist papers speak only of the leaders' glorification and enthusiasm but they never appear to analyze the situation from the voters standpoint.

YOUNG LIFE SUCCUMBS

Typhoid Fever Carries Away Young Joseph Steven Kiebler at Local Hospital

Joseph Steven Kiebler, aged 15 years, passed away yesterday at a local hospital after a week's illness of typhoid fever. He was the oldest child of Mr. and Mrs. Joseph Kiebler, 305 North Ninth street. The boy was in his first year in high school, was a strong, well built young man and the pride of his parents. As a student he was always prompt in attendance and most efficient in his studies. He was born January 15, 1896, in Brainerd and has practically spent his whole life in the city.

The funeral will be held on Sunday afternoon at three o'clock from St. Francis Catholic church, the Rev. Father O'Mahoney officiating. The sympathy of their many friends is extended the family in their sad bereavement.

WATER & LIGHT BOARD MEETING

Allows a Number of Routine Bills Last Night—Outlying Hydrants to be Flushed

NEXT MEETING FRIDAY APR. 7

The Matter of Mrs. Annie Simpson's Claim for Damages to Her Residence Taken Up

The Water and Light board met at the city clerk's office last night. Messrs. M. T. Dunn, Mons Mahlum and R. B. Smart were present, including also the secretary of the water and light board, William Nelson. The minutes of the last meeting were read and approved.

The letter of Mrs. Annie Simpson was read. She asks \$200 to cover alleged damages to her residence caused by blasting with dynamite when the foundation work for the Toltz Engineering Co's power house was done, including also other alleged damages.

The city engineer was asked to furnish a plat showing the dimensions of the street, the length of lots, etc., of block 77 and the actual location of the water main near the Simpson property.

The secretary was instructed to have the outlying water mains flushed.

A number of routine bills were allowed for both departments.

On motion, the board adjourned to Friday, April 7th.

Irish Wit.

I must admit that Irish wit is often of the most mordant and even sardonic kind. Was there ever a more sardonic stroke of description than that O'Connell gave of Peel's bloodlessness? "His smile was like the silver plate on a coffin."

Of another and lower quality, but good of its kind, is the following fish-wife's sarcasm: A friend of mine was waiting his turn to be served in a fish shop while a little, wizened old gentleman priced every fish in the shop. "How much is this—and this—and this—and this?" etc., till the exasperated shopwoman exclaimed: "Ah! Go on out of that wild yel. It isn't fish ye want, but information!"—London Answers.

A POPULAR VERDICT

Based on Evidence of Brainerd People

Grateful thousands tell it—
How weak backs were made strong
Keak kidneys made well—
Urinary disorders corrected.
Brainerd people add their testimony.
They gladly praise Doan's Kidney Pills.

For quick relief and lasting cures. Brainerd evidence is now complete. Brainerd testimony is confirmed. Reports of early relief substantiated.

Cures doubly proved by test of time. Let a Brainerd citizen speak.

Mrs. H. Langslow, 409 Ninth St., Brainerd, Minn., says: "We have used Doan's Kidney Pills in our family and have found them very effective in relieving pain and lameness across the loins and trouble with the kidney secretions. In 1908 a member of my family procured a supply of Doan's Kidney Pills from a local drug store and was relieved of an attack of lumbago that had resisted other remedies. We publicly endorsed Doan's Kidney Pills at that time and are now willing to confirm our former statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—take no other.
